

FinTech provides no-cost ATM installations and services for businesses throughout the Greater Saint Louis area, to include Illinois. With 24/7 machine maintenance/monitoring and customer care we put the needs of our merchants and customers above our own. Additionally, we believe that providing ATM services will serve to amplify your business goals, and we share a percentage of each transaction surcharge with all of our merchants to ensure that it will.

Requirements for installation are a power source only! Electric consumption equates to a small computer. No internet line required or needed to install; all of our ATMs operate on cellular paid for by FinTech

Processing software allows FinTech to monitor machines 24 hours a day via the internet. We are always aware of the machine's activity and when the machine requires vaulting or any type of maintenance.

Our direct phone number is visibly placed on each of our machines so that any customer can contact us at any time with questions or concerns.

Benefits include: Customer convenience, Increase in traffic, attraction of new customers, reduction of credit card charges, create passive income for 2.5 square feet of office space.

The average surcharge of our machines is \$3.00 per transaction. Depending on business type, location, and number of transactions, we typically offer a percentage of surcharges.

If you think your business would benefit from an ATM placement please contact us anytime at **1-877-STL ATMS (785-2867)**
