- **<u>Engineering Career Fair</u> - Thursday, March 14, 11:00 AM-2:00 PM, Morris University Center**

Our career fairs are designed to provide employers the opportunity to network with students. Employers will be able to promote their current internship and full-time employment needs and discuss future employment within your organization. This event will be attended by SIUE students, alumni, and partner schools. You are welcome to attend one or more events.

The on-campus career fair events **will have a limited capacity** and adhere to the current safety protocols during the event. Events will be held in the Morris University Center. Tables are available on a first come, first served basis; <u>sponsors will have reserved tables</u>. Each **table will be limited to a maximum of 4 representatives**. **Due to the popularity of these events, we may reach the maximum before the deadline**. Once an event is full, we will not be able to add additional employers.

We also invite you to be a **sponsor** for the career fair(s). Your sponsorship will include your company name and logo included on social media posts and recognition during the event. **We have a limited number of sponsorships available for the on-campus events.** The **fee for a sponsorship is $100 per event** in addition to your career fair registration fees.
