Black History Month 2024

“Knowing the Past Opens Doors for the Future”

The Illinois Department of Commerce and Economic Opportunity (DCEO) will celebrate Black History Month throughout February 2024. DCEO through its Office of Minority Economic Empowerment (OMEE) will spotlight long-standing Black businesses across the state, highlight Black business accomplishments and their contributions to our state, showcase our commitment to growing and investing in Black businesses, and celebrate the leadership of our Black employees.

Black History Month Events

The events below are free to attend; interested parties are encouraged to register on the [DCEO website](#).

Business and DCEO Employee Spotlights

Throughout the month, DCEO will be highlighting Black Illinois business owners across the state and celebrating the leadership and commitment of our Black employees.

Hashtags: #blackhistory #blackhistorymonth #BHM2024

Black History Month Toolkit

Below, you will find a document that includes helpful links, graphics, and samples of text you can use in your newsletter, social media or website to help raise awareness and encourage those in your network to celebrate Black History Month.

[Black History Month Social Media](#)

The State's Black History Month activities are presented by the DCEO, Office of Minority Economic Empowerment (OMEE). OMEE plays a crucial role in providing support to minority-owned businesses of all sizes and types, including connection with grants, technical assistance, and incentives to bolster minority entrepreneurs and minority-owned enterprises. For more information on Black History Month events planned for businesses, contact Matthew J. Simpson, the African American Business Development Manager, at Matthew.Simpson@illinois.gov, or to learn more about ongoing resources and programs for businesses, follow DCEO on social media [@IllinoisDCEO](#).

PARTNERS IN PROGRESS: Manufacturing Updates and Support Services Webinar

February 23 @ 2:00 pm - 3:00 pm

[REGISTER](#)

Don't miss out on this exclusive opportunity to be part of a crucial conversation involving economic, industry, and community resources all dedicated to helping manufacturers like you not just survive but thrive. This month's interactive webinar will feature leadership from Illinois Department of Commerce & Economic Opportunity, IMEC, and IMA, presenting the top 5 things you should be aware of this month to prepare for a promising 2024 from our designated organizations. We will also take a deep dive into support services available for manufacturers. At the end of this session, there will be plenty of time for questions, feedback, and answers regarding your specific needs and circumstances. Top level leadership is encouraged to attend to help be the voice of Illinois manufacturers in this discussion.

Key takeaways from this interactive session include:

- Examples of already available resources but also provide insights on how to access and utilize them effectively.
- Address your specific needs, and that's why we've set aside ample time for questions, feedback, and answers tailored to your concerns.
- Opportunity to connect with peers, engage with stakeholders in the same industry.
- Provide actionable steps for future opportunities.

Local Grocers Equipment Upgrades Grant

Governor JB Pritzker and the Illinois Department of Commerce and Economic Opportunity (DCEO) announced \$3.5 million in available grant funding for local grocers through the Equipment Upgrades Program as part of the Illinois Grocery Initiative. These grants will provide funding for energy-efficient equipment upgrades for existing grocery stores, with priority given to those located in food insecure communities across the state. Grantees will be selected through a competitive Notice of Funding Opportunity (NOFO) process.

The Equipment Upgrades Program is the first program rolled out as part of the Illinois Grocery Initiative's multi-pronged efforts to combat food insecurity by supporting local grocers and combatting food deserts. Additional funding opportunities for new municipal and independent grocery stores will be announced to the public soon.

This program is designed to strengthen existing grocery stores and preserve access to fresh food in food insecure communities, in an effort to stop the formation of new food deserts. In order to support businesses most in-need, eligible applicants must be independently owned grocers with fewer than 500 employees and no more than four grocery stores. Grocery stores located in food deserts as defined by the [USDA map](#) are prioritized for this initiative.

With rising energy costs, outdated equipment presents a major expense for small community grocers. Under the Equipment Upgrades Program, eligible grocers may be eligible to receive grants for the following equipment upgrades:

- Heating, ventilation, and air conditioning (HVAC) equipment
- Refrigeration units and freezers
- Lighting systems
- Other systems providing significant energy savings

Qualified applicants can apply for grants between \$25,000 to \$250,000, with a 1:3 match required. Applications for this round of grants will be accepted until **March 25, 2024, at 5:00 p.m.** To view the NOFO and apply for the grant, please visit the [DCEO website](#).

Interested parties are encouraged to reach out to CEO.GrantHelp@illinois.gov for application assistance.

Climate and Equitable Jobs (CEJA) Program Updates

Apply for Funding

The Department of Commerce and Economic Opportunity encourages organizations to apply to deliver the following Climate and Equitable Jobs Act (CEJA) workforce programs in select regions. **The deadline to be considered for the second round of reviews is February 23, 2024.**

- Clean Jobs Workforce Network Program (Workforce Hubs). [Application link](#). **Regions accepting applications: Waukegan, Aurora, Joliet, Peoria, Danville, Carbondale, East St. Louis**
- Energy Transition Navigator Program. [Application Link](#). **Regions accepting applications: Waukegan, Aurora, Joliet, Peoria, Champaign, Danville, Decatur, East St. Louis, and Alton**

CEJA Application links

- Clean Jobs Workforce Network Program (Workforce Hubs). [Application link](#).
- Energy Transition Navigator Program. [Application Link](#).

CEJA Technical Assistance

Applicants are encouraged to take advantage of technical assistance to improve the quality of their applications.

- Request one-on-one technical assistance by [completing this form](#).
- Attend the following technical assistance webinars:

Please see the [CEJA Updates and Program Status page](#) for more CEJA announcements. Questions may be directed to ceo.ceja@illinois.gov.

Office of Accountability

Attention Grantseekers! DCEO's Office of Accountability is hosting virtual training sessions covering various stages in the grant process.

3rd Wednesday of the month 9AM. Learn more: [here](#)

The presentation will discuss important grant-related topics pertaining to grant management. Each month we will discuss a different component, process, or emerging practice that can benefit potential and existing grantees. Future topics offerings include:

- **2/21/24 Financial Management:** This training will cover the financial aspects of the Grant process. We will introduce the Uniform Budget Template, procurement policies, reporting requirements, and proper supporting documentation.
- **3/20/24 Grantee Compliance:** This training will introduce the Grantee Compliance Enforcement System and the requirements set forth in the 2 CFR 200, Grant Agreement, and Disclosures.
- **4/17/24 Audit and Monitoring:** This training will introduce grantees to the different Audit types, requirements, and the importance of record retention.

CEJA Equitable Energy Future Grants

Governor JB Pritzker and the Illinois Department of Commerce and Economic Opportunity (DCEO) launched \$25.5 million in funding for the Equitable Energy Future Grants Program as part of a larger strategy to equitably grow the clean energy workforce in Illinois through the landmark Climate and Equitable Jobs Act (CEJA). The program supports renewable energy and energy efficiency projects in low-income and historically disadvantaged communities to grow and diversify the clean energy ecosystem across Illinois. Grantees will be selected through a competitive Notice of Funding Opportunity (NOFO) process.

The goal of the Equitable Energy Future program is to provide seed and pre-development funding opportunities to eligible contractors to support the development of renewable energy and energy efficiency projects benefitting businesses, community organizations and the workforce in historically disadvantaged communities. The program is designed to help remove barriers to projects, community and business development efforts caused by lack of access to capital.

Grant funding can be used to support a variety of projects to benefit historically disadvantaged communities, including planning and project development, professional services, purchasing and leasing of land, equipment, staff, and more.

Qualified entities include equity eligible contractors and independent contractors, non-profits, co-operatives that are majority-owned by equity eligible persons, and businesses or non-profits with a proposed project that meets equity building criteria. Equity eligible contractors are businesses or non-profits that are majority-owned by equity eligible persons, including participants in CEJA workforce programs, Illinoisans who are in the foster care system or who were formerly in the foster care system, people who were formerly incarcerated, and Illinoisans who live in an R3 zone or environmental justice community.

Through a competitive Notice of Funding Opportunity (NOFO), qualified entities can apply for grants, with awards ranging from \$250,000 to \$1 million. **Applications will be accepted on a rolling basis until funds are exhausted.**

To view the NOFO and apply for the grant, please visit the [DCEO website](#). Interested parties are encouraged to reach out to CEO.GrantHelp@illinois.gov for application assistance.

LIHEAP Program for Energy Bill Assistance

Governor JB Pritzker and the Illinois Department of Commerce and Economic Opportunity (DCEO) are encouraging additional income-eligible families to apply for the Low-Income Home Energy Assistance Program (LIHEAP) to support with utility bill assistance for natural gas, propane, and electricity. Applications expanded November 1 to include income-eligible households that are disconnected or facing imminent disconnection. Eligible families including those that are disconnected or facing imminent disconnection can apply by visiting helpillinoisfamilies.com or by visiting their local agency (a list of partners throughout the State can be found [here](#)). Families can also call 1-833-711-0374 for assistance in 30 languages.

To apply, visit helpillinoisfamilies.com to fill out and submit a request for services form online OR visit your local agency (a list of partners throughout the State can be found [here](#)). **After you submit the form, someone from your local agency will be in touch.** Call 1-833-711-0374 for assistance at any point during the application process. Additional information about eligibility and criteria can be found on the [website](#) along with fact sheets in [English](#) and [Spanish](#).

Other Federal and State Agency Grants & Programs

IDOA Specialty Crop Block Grant

In an effort to expand the availability of fresh, locally-grown produce and strengthen the competitiveness of the state's specialty crop industry, the Illinois Department of Agriculture (IDOA) plans to distribute more than \$545,000 over a three-year period thanks to funding allocated in the Specialty Crop Block Grant program in the federal Farm Bill.

Application for grant funding is available on the IDOA website and **must be returned to the Department by 11:59 pm on March 22, 2024**. To be eligible for funding, all projects must begin in calendar year 2025.

Eligible applicants include non-profit organizations, local and government entities, trade and commodity associations, public and private colleges/universities. Illinois encourages applications that benefit smaller farms and ranches, new and beginning farmers and ranchers, socially disadvantaged producers, veteran producers, and/or underserved communities.

To encourage further expansion of this industry, and to take full advantage of the allocated federal funds, the Department invites the development of projects pertaining to the following issues affecting the specialty crop industry:

- Enhancing food safety.
- Improving the capacity of all entities in the specialty crop distribution chain to comply with the requirements of the Food Safety Modernization Act, for example, by developing "Good Agricultural Practices," "Good Handling Practices," "Good Manufacturing Practices," and in cost-share arrangements for funding audits of such systems for small farmers, packers and processors.
- Investing in specialty crop research, including research to focus on conservation and environmental outcomes.
- Supporting the growth of organic specialty crops.
- Developing new and improved seed varieties and specialty crops.
- Improving pest and disease control.
- Increasing child and adult nutrition knowledge and consumption of specialty crops.
- Improving efficiency and reducing costs of distribution systems.

Projects that benefit a particular commercial product or provide a profit to a single organization, institution, or individual are ineligible. Farmers' markets, roadside stands and community-sponsored agriculture programs should consider submitting proposals to the USDA's Farmers' Market and Local Food Promotion Program.

USDA's Agricultural Marketing Service defines specialty crops as "fruits, vegetables, tree nuts, dried fruits and horticulture and nursery crops (including floriculture)." There are more than 3,200 producers devoting more than 90,000 acres of Illinois farmland to specialty crops production, creating nearly \$500 million in annual sales for Illinois farmers. Nationally, Illinois ranks first for its pumpkin and horseradish production and in the top 10 for the production of asparagus, cauliflower, fresh-cut herbs, peas, mustard greens and lima beans.

Additional information about the program can be found online at the Department's website or by contacting AGR.ISCBG@illinois.gov. **Applications must be submitted to the Department no later than 11:59 p.m., March 24, 2024.**

IDOT Advance Draft Copy of Notice of Funding Opportunity for the NEVI Formula Grant Program Available

The Illinois Department of Transportation is making an advance draft of the Notice of Funding Opportunity (NOFO) for the Illinois National Electric Vehicle Infrastructure (NEVI) Program available ahead of the solicitation. With this information it is the Department's intention to allow potential grant applicants to begin to conceptualize their applications and begin discussions between the eligible entities prior to the solicitation **beginning in Spring 2024.**

The Illinois NEVI Program will invest over \$40 million in grants to eligible applicants to support the deployment of a direct current fast charge electric vehicle charging infrastructure network on Illinois' **designated alternative fuel corridors**.

The advance copy of the NOFO provides details on the program, including:

- Funding Information: The total amount of funding available, anticipated number of awards, and the process for accessing the funds if awarded.
- Program Requirements: Rules that must be followed to use the funds.
- Eligibility Information: Including eligible applicants, eligible project locations, and eligible costs.
- Application Process: The steps that applicants will need to take to apply for funding.
- Application Review Information: How the applications will be prioritized for funding.

Please note that the NOFO is still draft and subject to change. IDOT encourages interested parties to review the advance copy of the NOFO and prepare for the solicitation **to be opened in Spring 2024**.

IMEC Made In Illinois Grant

Governor JB Pritzker, the Illinois Department of Commerce and Economic Opportunity (DCEO) and the Illinois Manufacturing Excellence Center (IMEC) today launched \$1 million in funding for the Made in Illinois Grant Program. The Made in Illinois program provides up to \$50,000 in matching grant funding to small- and mid-sized Illinois manufacturers to support innovation and strategic advancements in manufacturing.

Applications are open now through March 31, 2024, and manufacturers are encouraged to explore the benefits offered by the Made in Illinois Grant Program by visiting www.imec.org/madeinillinois. The page provides details on eligibility criteria, application procedures, and the improvements achievable through this initiative.

To be eligible to apply for this program, companies must:

- Be an Illinois manufacturer (as designated with a NAICS code starting with 31-33)
- Have between 5-250 employees
- Operated in Illinois for at least 3 years
- Had sales revenue in the last 12 months prior to application date

U.S. Department Of Labor Veterans' Employment and Training Service

Notice of Availability of Funds and Funding Opportunity Announcement for: Homeless Veterans' Reintegration Program (HVRP), Incarcerated Veterans' Transition Program (IVTP), and the Homeless Women Veterans' and Homeless Veterans' with Children Reintegration Grant Program (HWVHVWC) (referred to collectively as HVRP)

ANNOUNCEMENT TYPE: Initial

FUNDING OPPORTUNITY NUMBER: FOA-VETS-24-50

ASSISTANCE LISTING NUMBER: 17.805

KEY DATES: **The closing date for receipt of applications under this Announcement is 03/11/2024.** Applications must be received no later than 11:59 p.m. Eastern Time.

ADDRESSES: Submit all applications in response to this solicitation through <https://www.grants.gov>. For complete application and submission information, including online application instructions, please refer to Section IV. The U.S. Department of Labor, Employment and Training Administration (ETA), is responsible for the grant award process of the Veterans' Employment and Training Service grant program.

US Small Business Administration Surety Bond Guarantee Program

Surety Bonds for Government Service and Construction Contracts

FREE Webinar: **Wednesday, February 28, 2024** 2:00-3:30pm CST

The U. S. Small Business Administration's Surety Bond Guarantee Program can help your small business obtain a contract, and performance and payment bonds. Presenting will be Stephen Konkle, Economic Development Specialist from the SBA Illinois District Office. Steve has worked with bonding at SBA for 15+ years and previously, in the private sector, worked in bonding and as a finance manager. Topics to be covered:

What are contract bonds and why are they required?

Potential contract bonding capacity

Ways to maximize your surety credit

What is SBA's Surety Bond Guarantee Program?

Surety contract bond guarantees up to \$6.5 Million

Costs & getting started with bonding

Eligibility to obtain surety bonds

Q&A Session

Please join us if you want to learn about surety bonds and how to increase your current bonding capacity, even if your small business has limited financial resources, little/no prior bonded work experience, has been in business less than three years, or has previously been denied bonding.

To register for this and other FREE SBA webinars, go to www.SBA.gov/district/illinois and scroll down to Upcoming events > See more events.

IDOA Resilient Food Systems Infrastructure Grant

The Illinois Department of Agriculture (IDOA) announces \$6.4 million in competitive grant funds will be available for projects designed to help strengthen the state's food supply chain. The program, Resilient Food Systems Infrastructure program (RFSI), is a cooperative agreement with the U.S. Department of Agriculture (USDA). Applications will be accepted beginning January 22, 2024, from food and farm business and other eligible entities including nonprofits, local government entities, universities, schools and hospitals.

The purpose of the program is to assist in building resilience in the middle of the food supply chain, supporting those activities that happen after harvest and prior to retail sale. Examples include processing, manufacturing, storing, transporting, wholesaling, and distributing locally and regionally produced food. RFSI funds support food system crops and products meant for human consumption, excluding meat and poultry products which are funded through other USDA programs.

Grants are divided into two categories, Infrastructure, which seeks to expand capacity and infrastructure, and Equipment Only, which funds the cost of equipment.

Those interested should apply online at [Resilient Food Systems Infrastructure Program \(illinois.gov\)](#) by March 15, 2024, at 11:59 p.m. Applications from smaller farms and ranches, new and beginning farmers and ranchers, underserved producers, veteran producers, and underserved communities are encouraged.

For more information, visit the USDA [Resilient Food Systems Infrastructure webpage](#).

IDOT Building Blocks of Success

The Illinois Department of Transportation is hosting free virtual workshops in January as part of its continuing Building Blocks of Success series for Disadvantaged Business Enterprise firms interested in strengthening their skills, growing their business and bidding on state projects. New and existing DBEs, as well as firms interested in becoming certified in the program, are invited.

January workshop dates and topics:

- **February 27**, 10 a.m. to noon: Accounting Practices / Financial Reporting Financial Series
- **February 29**, 10 a.m. to noon: Budgeting & Cashflow Management

Building Blocks of Success will continue through April. Workshop information, including dates and times, is available through Eventbrite at bit.ly/DBEworkshops. Advance registration is required. Questions can be directed to IDOT's Bureau of Small Business Enterprises at (217) 785-4611.

Through Gov. JB Pritzker's historic, bipartisan Rebuild Illinois, IDOT is helping to deliver the largest capital program in state history while promoting diversity, equity and inclusion. Administered by IDOT, the DBE program provides minorities, women and eligible small businesses with opportunities to participate in federally and state funded highway, transit and airport contracts. For more information on becoming a certified DBE and learning more about available IDOT resources, visit www.idot.illinois.gov/dbe.

Illinois EPA Energy Efficiency Projects Grant

Illinois Environmental Protection Agency (EPA) Director John J. Kim announced the Residential Energy Efficiency Trust Fund Grant Program – previously known as the Low-Income Residential Energy Efficiency Program or LIREE - with up to \$5,000,000 in funding available for energy efficiency upgrades at single family or duplex residential properties. The Energy Efficiency Trust Fund Grant Program will benefit residents receiving housing assistance from a state or federal housing assistance program and located in areas of environmental justice concern. A Notice of Funding Opportunity (NOFO) has been posted to the [Agency's website](#).

Eligible applicants include public housing authorities, units of local government (municipalities, counties, or townships), or nonprofit organizations. Examples of eligible projects include window replacement, heating and cooling equipment retrofits, and lighting upgrades. Total project costs may range from \$25,000 - \$500,000 with a match requirement subject to total funding request.

Applications for the Energy Efficiency Trust Fund Grant Program NOFO will be accepted on a rolling basis and eligible properties will receive funding on a first come, first serve basis. For eligibility and application information, visit: <https://epa.illinois.gov/topics/energy/energy-efficiency/energy-efficiency-trust-fund-grant.html>.

Before applying to the grant program, applicants must be pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, <https://gata.illinois.gov/>.

IDPH Sickle Cell Disease Grant

The Illinois Department of Public Health (IDPH) is now accepting applications for Prevention, Care and Treatment of Sickle Cell Disease grants. A total of \$750,000 has been allocated for the program. As many as eight organizations may receive grants for programs to increase comprehensive services for people with sickle cell disease and sickle cell trait. A grant to a single organization may range from \$30,000 up to a maximum of \$500,000.

Organizations will be awarded grant funding with the goal of increasing access to any of the following: comprehensive sickle cell treatment, pain management therapies, infusion centers, mental health resources, and counseling opportunities for people with sickle cell disease and sickle cell trait. Grant funding may also support new development or enhancement of current educational and outreach programs; the goal is to provide people with sickling disorders and trait, their families, and others (such as clinical providers, health care professionals, local public health, service providers, educators and the community) with accurate, up to date, and timely information.

This grant is competitive. All applications received will undergo a merit-based review by the IDPH grant committee. Priority will be given to established sickle cell disease community-based organizations, which serve adults and adolescents transitioning to adult care and to establishing sickle cell centers in underserved areas with larger populations of people with sickle cell disease and sickle cell trait.

This program is part of an effort to meet the goals of [the Sickle Cell Prevention, Care and Treatment Program Code](#).

Applications will be accepted through 5:00pm on March 18, 2024, with the announcement of the grant award expected in April. Prospective applicants can apply at [EGrAMS : Home \(idphgrants.com\)](https://www.idphgrants.com/); search for this program under “Current Grants” and “Health Promotion.”

For more information about sickle cell disease and sickle cell trait, go to <https://www.cdc.gov/ncbddd/sicklecell/index.html>.

Illinois Department of Employment Security Workshare Illinois

WorkShare IL is a voluntary program that provides employers facing a decline in business with an alternative to layoffs. The program allows an employer to reduce the number of hours worked in any unit of their business in order to avoid permanent layoffs. Each employee in an affected unit continues to work but experiences a reduction in hours that ranges from 20% to 60%. Employees receive a corresponding percentage of unemployment benefits during the period of temporary reduction to offset the reduction in earnings.
